

YOUR CHILD AND SOCIAL MEDIA

A program for students in Grades 3 – 5 & Parents

Wednesday, April 26th at 7:00 PM at Great Neck School

Sponsored by Great Neck, Oswegatchie & Quaker Hill Schools

How comfortable are you keeping up with your child as they venture into the world of social media? Do you know what they are really able to access? Do you know how to block programs so your child is only able to access what you have approved?

To address these issues and some concerns that have been brought to each school's attention we have invited Mr. Tom Pincince to speak to us on the Power of Social Media. The program is designed for parents and children to participate together. He will speak for about forty-five minutes and then stay until all questions have been answered.

Mr. Pincince is a longtime collegiate athletics administrator and a former Division 2 football player. He has spoken at over 50 schools in Connecticut about the Power of Social Media and helping students make good decisions. Most importantly, Tom is the father of three daughters, ages 13, 11 and 7 and deals with issues of children/teens and social media every day.

His program is geared toward helping students and parents make good decisions. This includes being private and not sharing personal information, but also building a healthy and trusting relationship between students and their parents. We don't throw car keys at our children and tell them to drive – we shouldn't do that with technology.

Mr. Pincince has a link that you might also find helpful: www.TakeThisPlayOff.com

Please join us to learn together and get on the road to Making Good Decisions!
