Acknowledgements

The development of the Waterford Public Schools Fiscal Plan for 2017-18 is a substantial leadership responsibility. We know from best practice that quality is achieved through the involvement of many people. The Waterford Public Schools Budget is consistent with and supportive of the Board of Education goals. Input was provided by district administrators, schools administrators, teachers, staff and Board members. All are to be commended in balancing the needs of all students and our local taxpayers.

I also wish to acknowledge the efforts and hard work of our support staff who helped prepare the document and data to serve as an informative decision-making tool. Special recognition goes to Pamela Kamercia, Executive Administrative Assistant to the Director of Finance and Operations, Karen Kopec, Accounting Supervisor, Caroline Whittaker, Executive Secretary to the Superintendent, and Cassandra Cannamela, Executive Secretary to Assistant Superintendent of Schools.

The efforts extended by so many people involved in this budget process are gratefully acknowledged.

One Team, One Purpose Putting Our Students First

Dear Board of Education Members, Elected Officials and Community Members:

This Executive Summary is an overview of the entire education budget that concisely provides a synopsis of key factors that contribute to this year's budget.

The Board of Education's budget continues both our commitment to maintain a high quality education for our students and our responsibility of careful consideration of fiscal resources. These commitments, which are reflected in the accompanying budget document, translate into a total investment of \$47,287,524, which is a 3.04% budget increase for FY18 over FY17. This budget has been developed in the context of a demanding financial climate and allows the Board to meet all contractual obligations and statutory requirements.

Of this increase, fixed cost increases such as contractual obligations, health insurance, tuitions, heat, energy and fuel, and transportation account for 2.93% of the 3.04% budgetary increase. Fixed cost areas that were relatively low last year, such as fuel, oil, and electricity, have increased significantly for FY 18. All other line items total just .11% or approximately \$48,000. This budget is driven by fixed costs and contractual increases.

In developing this FY18 plan, the administrative team used the Board's goals, priorities, and budget assumptions to support the Waterford Public Schools' efforts to maintain current programs and offerings and to meet students' needs despite enrollment that is higher than projections. While enrollment projections continue to forecast declining enrollment, Waterford actually has more students attending school in the 2016-2017 school year than the previous school year.

This budget is a true "Needs-based Budget", reflecting the cost of maintaining the current level of service in FY18 in our five Waterford public schools. I can say with strong confidence that requested expenditures have been scrutinized.

The budget encourages teaching of the highest quality and provides for the necessary professional development to support existing district initiatives. This budget preserves reasonable class sizes, course offerings, a strong extracurricular program, an investment in professional development, and curriculum renewal in order to maintain and advance the quality of programs and teaching. The Board is mindful that salary and benefits are a sizeable line item each year but we are also keenly aware of the research that cites quality teaching as having the single largest impact on student achievement.

This year's budget represents a decrease in overall teachers by .33 FTEs. The budget does include a net increase of four (4) non-certified positions in the form of paraprofessionals to support the mandated pre-kindergarten program. These additional paraprofessional positions are needed whether the child attends The Friendship School or attends our pre-kindergarten program.

Context of this year's budget:

Fixed Cost and Contractual Obligations – 2.93%

All Other Line Items – .11%

Total BOE request – 3.04%

Line items Reduced in the 2017-18 Budget:

We continually explore ways to contain and reduce costs. 97 lines in this budget are reduced from the FY17 budget. 54% of all budget lines in this FY 18 budget are reduced or flat from FY17.

Other Notable Budget Information

The Waterford Board of Education budget has seen modest increases over the last several years. The cumulative increase to the education budget, over the past four years, was 4.00% leading up to FY18. (.96% in FY14, .55% in FY15, 1.35% in FY16 and 1.14% in FY17).

During this same 4-year time period, state-wide increases for education budgets averaged 7.52%. (2.17% in FY14, 2.17% in FY15, 1.90% in FY16, and 1.28% in FY17)

Waterford’s per pupil expenditure, the money spent per student as calculated by the Connecticut State Department of Education, for FY 16 ranked 100th in the state a drop from 90th in FY 15. Our staff is mindful of the economic climate and our schools continue to perform at high levels with the budget that we’ve been allocated.

Conclusion

I would like to acknowledge the hard work of our team; including our principals, department heads, directors and supervisors, business office and central office staff, and our faculty. I particularly want to recognize the efforts of Joe Mancini, Director of Finance and Operation, and Craig Powers, Assistant Superintendent, whose background knowledge of the budget has been instrumental to me and the entire team.

The FY18 Board of Education budget represents our team’s conscientious effort to continue to maintain the current level of service to our students and families. When you take into consideration the fixed costs and contractual increases, this is a responsible proposed budget. Fixed cost

increases, that have been at historic lows in recent years, have significantly increased therefore impacting this budget. Line items that we have control over in this budget have been justified and adjusted when necessary but not until after careful analysis.

We appreciate the community’s support that allows the Board of Education to sustain the outstanding academic, co-curricular, and athletic programs that ensure that all Waterford students receive a high quality education.

On behalf of the Waterford Board of Education, we look forward to your thoughtful review of this year’s budget. This budget aims to maintain current academic, co-curricular, and athletic programs, despite the fiscal challenges that exist. We encourage our elected officials, parents and families, and community members to carefully consider this budget request and offer input as we move forward. We share a common purpose of putting our students first and providing them the best opportunity for a better life.

Sincerely,

Jody Nazarchyk
Chair, Waterford Board of Education

2017-2018 (FY18) BUDGET ASSUMPTIONS

1. Continue to explore and implement opportunities to reduce costs. Employ innovative strategies to maximize outcomes at the lowest cost to Waterford.
2. Review current and projected enrollment data. Budget class size based on the following guidelines:
K – Grade 2: range from 16-21 students per class; grades 3-5 range from 18-23 students per class; grades 6-12 range from 18-25 students per class.
3. Implement curricular and instructional initiatives through Professional Development and Curriculum Renewal, which includes World Language; K-12 School Counseling; K-12 Math and expanding blended learning opportunities.
4. Maintain quality technology in support of student learning, including support for the district’s technology plan. Implement a segment of our equipment replacement program.
5. Meet all Federal and State mandates. (See enclosure in appendix on Education Mandates)
6. Include the cost of services and personnel impacted by the reduction in federal or state grants.
7. Assume 70% funding of the Excess Cost Grant that directly offsets the cost of providing services to several high cost programs.
8. The budgeted cost of consumable goods and services will be based on past experience, existing contracts and trend data.
9. Continue programs for preventative maintenance and school safety for all facilities; provide sufficient resources for ongoing maintenance and upkeep of all buildings, grounds, and equipment.
10. Continue to provide educational services which in many cases require specialized transportation and/or specialized educational placements for students who are residentially placed at Waterford Country School, the Thomas Bent and Rita’s STAR shelters, and the safe homes.
11. Include costs associated with all employee contracts.
12. Other grants funded at current year or reduced levels:
 - a. Title I
 - b. Perkins
 - c. IDEA, Part B
 - d. Title II-A
 - e. Title III
 - f. IDEA, Pre-School
 - g. Magnet School Transportation
 - h. Adult Education
 - i. Education Cost Sharing Grant
13. Continue to focus on the needs of the whole child by providing and maintaining quality programs and services.

EMPLOYEE BENEFITS

\$7,308,367

Health Insurance

- Qualified employees of the Waterford Board of Education are entitled to receive Medical & Dental Insurance. Waterford's Health Insurance is a self-insured plan administered by Anthem Blue Cross and Blue Shield. The self-insured plan covers the first \$175,000 per person per year, with any amount in excess being covered by Stop-Loss Insurance. The High Deductible Health Plan (HDHP) has helped mitigate costs over the past five years, claims favorability that have been seen over the past few years has not carried forward into the budget planning forecast for FY18, specifically the dramatic increase in stop-loss insurance. As such our health benefits consultant is forecasting a 6% increase over last year.

Life Insurance

- Costs associated with coverage as negotiated in several Union contracts.

FICA

- As an employer, we are obligated to match our employees' deductions for social security. Most support personnel are required to contribute to this fund based on their number of scheduled hours. Also, we are required to contribute the Medicare portion (1.45%) on all new certified personnel hired since 1986.

Reimbursements

- Contractual obligations for tuition reimbursement and maintenance/custodian shoe allowance.
- Tuition reimbursement under the teacher's contract is set at \$65,000. The remaining amount is for contractual obligations for various support staff bargaining units.

Unemployment Compensation

- We are required to contribute to the unemployment compensation of eligible former employees, who earn wages from Waterford Public Schools during a specified benefit period. Based on reduced claims for last year, the budget has been decreased.

Worker's Compensation

- According to State statute, we must maintain worker's compensation coverage in the event an employee is injured while on the job. Coverage is provided by CIRMA (Connecticut Inter-local Risk Management Agency) and premiums are based on rates per job category and claim history. CIRMA has provided a budget stabilization renewal agreement for three years with an annual premium increase of 6% due to claims history.

Unused Sick Leave

- This is the contractual obligation for the payment of unused sick leave upon retirement. The projection is based upon notifications from teachers of a pending retirement for the next school year. While many senior employees will retain this benefit, contract negotiations have achieved reduced benefits for mid-career employees and have eliminated this benefit for new hires.

Retirement Incentive

- The amount budgeted is the payment due for those employees who retire. The projection is based on retirement notifications received per contractual obligations prior to December 1st.

CONTRACTED SERVICES

\$1,550,361

Instructional Services

- This account covers the cost to share a teacher of the blind between Groton and Waterford to provide services to our visually impaired students in town.
- Waterford is a participating member of the New London Adult Education Program. In the 2015-16 school year, 68 Waterford residents (131 total enrollments) participated in the Adult Education program. The programs that were offered and utilized by our residents are: Adult Basic Education (9); HS Credit Diploma (8); U.S. Citizenship (5); English as a Second Language (39); and GED Preparation (7). There were also 512 Waterford residents enrolled in various Continuing Education Programs.

Professional Development

- This account is used for teacher and administrator training as specified in the District's professional learning plan. Most of these funds support programs that are developed and presented within the District. Three full days of teacher training are also offered each year. The quality and improvement of the education offered all students depends upon the continuous improvement of the staff, both teachers and administrators.

Curriculum Development

- The curriculum development projects for 2017-18 are World Languages, Mathematics and School Counseling for grades K through 12. Work on K through 5 Science will begin, but will be completed over two years.

Other Professional/Technical Services

- These accounts are used for where special skills/expertise is necessary or required throughout the district. The Special Services department utilizes these funds for occupational and physical therapists, Board Certified Behavior Analysts, invoiced services at magnet and charter schools, health services, and outside evaluations and has seen increased student need over the past few years. The IT department uses funds to support special expertise required to maintain over \$5 million in total infrastructure. Funds for new employee physicals, district nursing services, the district medical advisor and residency investigations are also paid out of these funds. Certain district initiatives are supported by consultants.

Legal Services

- Legal Services will remain level with the prior year. We are entering negotiations with the teachers' union over the summer of 2017 and as such this request represents supporting that effort.

TRANSPORTATION**\$2,221,828****Pupil Transportation – Regular and Special Education**

- The transportation contract was put out to competitive bid January 2017 with Student Transport of America (STA) being the lowest qualified respondent. STA has proposed a 3% annual increase with this new five year contract.
- This budget is based on the current year utilization and assumes twenty-three (23) Type I buses for regular education transportation and nine (9) Type II, buses, three (3) of which are wheelchair equipped.

Magnet School Transportation

- We anticipate a grant of \$95,000, which is based on current year transportation patterns. State reimbursement for out-of-town Magnet School Transportation expense is capped at \$1,300 per student. Out-of-District transportation includes the Regional Multicultural Magnet School, the New London Science & Technology Magnet High School, Three Rivers Middle College, and the Marine Science Magnet High School of Southeastern Connecticut (in Groton).

Fuel- Buses/Vans/Maintenance

- The cost of diesel fuel under our transportation contract with Student Transportation of America is borne by the Board of Education. This account is budgeted at the contracted price of \$1.98 per gallon for diesel fuel while regular gasoline is budgeted at blended rate of \$2.05 per gallon. The budget estimate is based on actual gallons used in 2015-16 and anticipated future use. The school vans and the maintenance vehicles use regular gasoline.

COMMUNICATIONS

\$93,003

Communications

- This category contains costs associated with various forms of communications. In years past, this line has been funded up to 50% by the E-rate* program. This will be the first year where telecom items such as land line and cell phone contracts will not be funded (a \$5,606 shortfall). E-rate will continue to fund WiFi equipment, Fiber and Internet to the classroom as the program shifts it's funding. Our district-wide network connects each school to Town Hall and is the conduit that runs our phones, television, internet, data, security alarms (lockdown, fire, and burglar), and electronic access for each of the schools. These robust Fiber optic connections have greatly reduced annual expenses (i.e., phones and internet). E-rate fully supports the WPS networking model and will continue to provide maximum funding for eligible items. WPS has applied for \$35,175 in FY18. This includes a new WiFi system at Great Neck School, Fiber maintenance fees and Internet service for the district. In 2016 the state cut funding for Internet services to all public schools (a previously free service). We have applied for \$3600 funding by E-rate which is 50% of the cost. The district remains committed to finding creative ways to save money on communications and the fiber network has permitted us to add important features to our communication system without increasing our budget.

Postage

- This is the total cost of postage for Waterford Public Schools. This line is being held at the same level as fiscal 17 as we continue to utilize our web site to post information and the School Messenger system to deliver mass messages. Mailings are limited to essential correspondence.

Advertising

- Covers the cost of classified ads for personnel vacancies and legal notices. Electronic media is used whenever it is effective and efficient and only doing print advertisement when it is required by legal mandate or is the best option.

Special Education – Public

Funding for the out-of-district placement of special education students whose placement is in a specialized program within a public school setting:

- **Capital Region Education Center:** CREC Soundbridge is a regional program for children with hearing loss. It offers individualized services to help young hearing-impaired students to develop listening and spoken language abilities in the context of an integrated elementary school environment.
- **Cutler - Groton:** Cutler is a public middle school providing services to students in grade 6-8 located in Groton, CT. The school provides special education services to students based on the students IEP.
- **DLA – LEARN: Middle School:** The DLA LEARN program at is a regional middle school program for children experiencing significant behavior and emotional concerns. The program provides direct and consultative clinical support in the areas of psychiatry, psychology; social work and behavioral expertise – these are provided based on the child’s individualized needs.
- **Lillie B Haynes – LEARN:** The Lillie B Haynes School LEARN program is a regional intensive program for elementary

children. The program provides ABA services as well as direct and consultative clinical support in the areas of psychiatry, psychology; social work and behavioral expertise – these are provided based on the child’s individualized needs.

- **SAILS – LEARN:** The SAILS School LEARN program at Salem School is a regional program for children experiencing significant behavior and emotional concerns. The program provides direct and consultative clinical support in the areas of psychiatry, psychology; social work and behavioral expertise – these are provided based on the child’s individualized needs.

Special Education – Private

Funding for the out-of-district placement of special education students whose placement is in a specialized program within a private school setting:

- **Adelbrook (The Learning Center):** The Learning Center at Adelbrook is a private special education facility, serving children and adolescents between the ages of 9 and 21. The Learning Center at Adelbrook specializes in providing services to students with developmental and intellectual disabilities, autism spectrum, disorder and psychiatric disorder. This is a highly structured, language rich environment that promotes student growth in the areas of communication, social development and independence. The curriculum is developmentally appropriate using evidence-based practices.
- **Buckingham:** Buckingham was established in 1990, and is a non-profit corporation providing a variety of supports and services to students and adults. They provide vocational placements in the community, individual home supports, and school to work transitional services.
- **The Foundation School:** The Foundation School is a day school for students ages 3-21 with a variety of developmental needs, learning deficits, autism spectrum disorders and behavioral challenges. The basic concept of the program is twofold: first, to provide each child with an individualized program to meet unique needs; and second, to utilize a staff of special education teachers, speech and language pathologists, occupational therapists, specialty teachers, and trained paraprofessionals as a team to implement the program.

- **Highroad School:** The Highroad School located in New London. This educational program serves students facing learning, behavioral and social challenges in a supportive and structured environment. They provide a variety of specialized supports to special needs students who require very personalized academic and behavioral interventions. There are currently 60+ schools operated by Highroads across the nation.
- **Hope Academy:** Hope Academy’s program accommodates students who have not met success in a traditional academic setting due to their disability. Unique programs are offered for students in grades 1 through 12 where students are provided with an individualized student-centered curriculum.
- **Lighthouse Voc-Ed Center, Inc.:** A private, nonprofit organization established to promote a quality community based program encompassing the life skills necessary for individuals to function independently. Each person’s program is coordinated with their teachers, therapists, speech pathologists, case managers, and/or families. Individual programs are designed for each person based upon their needs as determined by staff and families. Success oriented, integrated group activities are designed according to age and behavior. Lighthouse provides both day and extended day programs.
- **Meliora Academy:** Meliora Academy is a private educational program designed to provide intensive and comprehensive educational services to students with autism spectrum and related disorders. It provides students with a data-based instructional curriculum as part of a trans disciplinary teaching program utilizing research-based interventions including, but not limited to, ABA to reduce the fragmented learning that often occurs with youngsters on the autism spectrum.
- **Seabird Enterprises, Inc.:** Seabird was established as a non-profit organization in the town of Groton in 1983 to provide vocational opportunities to students and adults with mental retardation and/or developmental disabilities in the community.
- **Waterford Country School:** Comprehensive special education academic, prevocational, behavior management, life skills, and support programs for residential, emergency shelter, and day students, ages 8-21. Day students may be placed by their LEA. Residential, shelter and safe home placements are state agency placements.

Waterford Transition Program

- Transition Program for students ages 18-21 that is located on the UCONN Avery Point campus. This transition program provides students with a variety of opportunities which include direct paid work experience, teaching around resume writing, job applications, personal finance, career readiness, study skills and independent living skills, to name a few. Students also have an opportunity on Fridays to work in the community as well as building social skills with peers. The program fosters the growth of the special education student to build their independence so they are able to enter the work force or attend college with assistance or independently.

Emergency Shelter

- No-nexus State students who have been placed in the Waterford Country School's Rita STAR or Thomas Bent Shelter who are not appropriate for public school placement. Educational services are provided by Waterford Country School. This account varies widely from year to year due to state agency placements.

Waterford Country School – Out-of-District

- No-nexus students who have been placed in one of the Waterford Country School's Safe Homes or Shelters and requires an intensive, therapeutic educational setting such as Thames Valley Clinical Day Treatment or the Joshua Center based upon the students Individualized Educational Plan (IEP).

Excess Cost – Local, Public, Private

- Excess cost reimbursement is defined as five (5) times beyond the district's average per pupil cost for placements made by the district. However, beginning July 1, 2003, the reimbursement base was reduced to four and one half (4.5) times by the General Assembly. State Agency placements are set at one (1) times beyond the district's average per pupil cost. The anticipated projected reimbursement rate for excess cost is 70%.

OTHER PURCHASED SERVICES	\$203,907
---------------------------------	------------------

Travel – District

- The cost of travel reimbursement to teachers, information technology and maintenance personnel traveling within the five (5) schools in the district. Actual reimbursement per Board of Education policy is based on Internal Revenue Service guidelines.

Conferences/Meetings

- Conferences are focused around instruction of literacy and mathematics, with preference given to new areas of curriculum implementation.

Contracted Services

- The cost of miscellaneous consulting and programming fees related to business office financial management software.
- There is an annual maintenance cost associated with the time and attendance system (joint project with the Town) to improve efficiency and accuracy of an important management function.
- Additionally, this series covers air quality testing, pest control, boiler maintenance and emergency lighting.
- This also includes bleacher inspections that are in compliance with new mandates.

Field Trips

- The operating budget provides limited funding for field trips. The field trips are primarily for science and music competitions. These funds are utilized to transport Waterford High School students to academic competitions.
- Our contract with Student Transportation of America allows for 200 field trips in southeastern Connecticut, therefore, costs are contained for field trip transportation.

OPERATION & MAINTENANCE OF BUILDINGS

\$1,923,811

Fuel Oil

- Used for heating purposes at Clark Lane Middle School and the generators at each school. The high school has dual heating capabilities for the pool building, the auditorium and athletic areas, and maintenance building. The estimated price for fuel oil for 2017-18 is \$1.98 per gallon. The conversion to geothermal heating has reduced total utilities expense significantly since 2013.

Electricity

- The School District uses in excess of 7 million KWH per year. In June of 2015, the district entered into a 30 month contract to purchase electricity at a fixed rate of \$.08455 per KWH. All related transmission fees of \$.067 to \$.069 added to KWH cost gives us an estimated budget cost per KWH of \$.15178.

Natural Gas

- The high school will continue to heat the pool area, auditorium and gymnasium with natural gas.
- Quaker Hill Elementary School uses natural gas primarily in the cafeteria.

Propane

- Propane is used in the cafeteria to heat hot water and in the front office at Great Neck and Oswegatchie Schools. .

Water

- The cost of water is based on usage and a fee that is based on the size (diameter) of the pipe.

Sewer

- The cost of sewer is based on the water consumption and a fee with the majority of the sewer fee based on use.

Maintenance and Repair

- There are several accounts in this category, all pertaining to the cost of contracting maintenance services such as security monitoring, alarm system (burglar, refrigerators, sewer, boiler) specialized electrical, heating and plumbing, roof repairs, floor machines, inspections, service contracts, snow removal, vehicle maintenance, and fire extinguishers.

Maintenance Equipment

- Tools and equipment with a unit cost excess of \$500, and having a life expectancy of more than one year, will be charged to this account to allow for better tracking of expenses.

Maintenance Supplies

- In order to monitor and track maintenance expenses more closely, this account has been subdivided into several specific accounts. The new account structure includes individual accounts for electrical supplies, air filters, and plumbing supplies. These are in addition to vehicle, custodial, paint, pool, and general supply accounts. The budgets for these categories cover the costs of cleaning, preventive maintenance, and repairs for the district. Supplies for cleaning are consumables products. Supplies for maintenance are used for preventive maintenance and repairs which are done by Waterford Public School personnel labor. Supplies for the pool include special cleaning products for the pool deck, pool chemicals and maintenance of the chemical controller.

- In 2017-18, the district will undergo a full curriculum renewal for World Languages, School Counseling and a curricular materials adjustment in Mathematics. K-5 Science work will begin and be completed over two years. District funds are used during the curriculum renewal cycle which is updated each year depending on district needs.
- Textbook funds at the school level are used for replacing worn out texts or purchasing additional copies of texts due to increases in class enrollment.

EQUIPMENT

\$238,997

Principals review equipment requested by teachers or department heads to determine which items are necessary and reasonable within the total building budget. These requests are further scrutinized by the Superintendent.

Program Equipment

- This category consists of equipment, which is used directly or indirectly for the instruction of students. This account budgets for replacements to music, P.E., athletics, as well as other classroom needs, such as multi-media (audio visual).

Technology Plan Equipment

- This account budget for infrastructure maintenance per the technology plan, which supports *over \$5 million in hardware*. Specific projects for 2017-18 are as follows:
 - \$94,772 to replace wireless computing devices district wide with the focus on Chromebooks.
 - \$31,725 to improve Wi-Fi systems and storage infrastructure. E-rate will fund an additional \$22,725 of these initiatives.
 - \$17,000 to strengthen the regional printing environment. Regional printing consists of printers, copiers and swipe card systems. This funding will be used for adding printers and expanding the swipe card system to additional copiers.
 - \$14,000 to replace failing a/v equipment and associated computers related to video streaming.

Special Education Equipment

- Equipment specifically used for Special Needs students or programs:
 - \$5,500 for FM unit, transmitter and microphones for hearing impaired students; iPads, Kindles, iPods and Chromebooks.

Maintenance Equipment

- This line item is for equipment purchases that exceed \$500 in the Buildings and Grounds cost center. It includes items such as snow plow blades and tools.

Direct Payment Grants Description

Title I, Improving Basic Programs

The federal government provides funds for education of needy students. These funds are used to partially fund Literacy and Math Support Teachers at the elementary, middle and high schools.

Title II, Part A, Teachers

The grant is used to partially fund a kindergarten teacher salary. Additionally, there is money to fund professional learning for staff to improve instruction.

Title III, English Language

This grant is used to provide professional development for the ELL teacher. It is also used to purchase curriculum materials for English Language Learners.

IDEA, Part B, Individuals with Disabilities Education Act

A grant provided by the federal government based upon the number of identified special education students. This supplements special education programs in all Waterford schools. A proportionate amount is used for non-public special education students.

IDEA, Part B, Preschool Incentive

An Entitlement is provided to local school districts serving preschool handicapped children ages three, four, and five. Funds are used to provide handicapped students opportunities to learn in an environment that does not segregate them from their normal peers. These funds are applied to The Friendship School.

Special Education Excess Cost

The State Department of Education will reimburse out of district placement tuition costs that exceed 4.5 times the district's annual per pupil expenditure for students placed by Waterford Public Schools as well as the excess of tuition costs beyond the one time standard pupil cost for students placed by a State agency.

Adult Education

A grant is received from the state to help fund the required adult basic education program. We have a cooperative arrangement with New London, which administers courses leading toward a high school equivalency diploma.

Carl Perkins Grant

A federal grant used to enhance vocational training at the high school by providing an increased focus on the academic achievement of career and technical education students and strengthen the connections between secondary and postsecondary education. The funds are used in the areas of Business and Finance Technology, Family and Consumer Sciences, and Technology Education and Engineering.

Community Center

The Waterford Community Center reimburses the School Department for 1.0 FTE custodian that serves the center.

IT (Information Technology)

The Waterford Public Schools provides technology support to the Town of Waterford. This revenue represents the Town's reimbursement for service on a pro-rata basis.

Magnet School Transportation

A state grant that helps offset the cost of transporting students to The Friendship School, the Regional Multicultural Magnet School, the Marine Science Magnet High School and the Science and Technology Magnet High School.

Medicaid

Waterford Public Schools is an approved Medicaid provider which can bill the federal Medicaid program for all medically necessary covered services that are provided during the school day and are authorized by a planning and placement team. Only certain diagnostic and rehabilitative services are partially reimbursed by the federal government if they are offered to Medicaid eligible special education students.

Teachers Retirement Board Health Insurance Supplement

Public Act 89-342 which provides to Boards of Education and retirees partial subsidization of health insurance premiums.

Waterford Recreation and Parks

Supplemental funding to Board of Education for costs of community usage.

Information Technology 2016-17 Accomplishments and Collaborations with the Town

- Refreshed the technology at Great Neck Elementary School which included new computers for Promethean, mobile lab and regional printing. Virtual desktops will be deployed during spring 2017.
- Installed new Wi-Fi system at Oswegatchie School to support increasing usage and performance.
- Built on the WPS “anytime, anywhere” learning initiative by expanding our virtual computing environment to support more students. In FY17 GN Elementary School will be added to the WPS virtual environment. New 6 host high power virtual server system was installed this year to handle the increase in use by students.
- Implemented a student safety service to monitor
- Recruited 2 students to assist IT dept. with repairs and upkeep of laptops and Chromebooks at the High School.
- Upgraded all Town desktops running old operating systems. All stations are now up to date.
- Assist Finance department with server builds and configurations for a new Finance system (Munis).
- Assist Utility Commission with server builds and configuration of a new SCADA system and remote access while in the field.
- Assist the Public Library with new printing capabilities for the patrons.
- Assist Community center with installation of a new card access system to match the existing town system.
- Upgraded police core systems from the older Vision software to the new Trittech software. 10 new servers provide an end-to-end, complete solution for the department.
- Assist with implementation of in car video cameras. Install an in house server that pulls video from the cars on a regular basis for analysis and retention.
- Implement new systems allowing police to use iPads for to access records, cameras and other resources remotely.
- Implemented an IP phone system at the EOC to be used in disaster situations and drills. The system is integrated with the town IP phone system, and can run independent as well.
- Dedicated an IT technician for Police specific work 2 days per week. Meeting with police personnel are held weekly to monitor projects.
- Assisted in developing a Town technology plan.

Superintendent of Schools

Mr. Craig C. Powers
Assistant Superintendent

Dear Community Members,

I am proud and honored to be the Superintendent of the Waterford Public Schools. I sincerely appreciate the opportunity to lead such an outstanding school district with such a history of excellence.

The 2015-2016 school year was one of substantial accomplishment in the Waterford Public Schools. As Superintendent, I have witnessed impressive growth in our schools and seen wonderful initiatives brought forth this year. I am proud of our staff and students and the incredible accomplishments that they have made; carrying on a tradition of excellence in our district. On behalf of our central office team, it is a pleasure to present this Annual Report to the Waterford community. This report will provide data and information with regard to the progress we are making as a school system in educating our fine students.

The Waterford Board of Education has continued to work diligently through challenging budgetary times to provide consistent educational programs and creating an engaging

environment that challenges our students. We have an amazing staff who are dedicated to our district; bringing their best at all times for our students. Despite ongoing challenges at the state and federal level, the Board maintains a strong commitment to excellence to vigorously engage students in the learning process and ensure that all students are college and career ready. Our team has implemented many new strategies as well as updated curriculum that prepares our students for success in future enterprises. It is inspiring to be a part of a team that is committed to educating the whole child; providing for the social, emotional, and academic well-being of every student.

As this Annual Report shows, we have once again reaffirmed the importance of favorable class sizes and academic support services. We continue to offer a full range of opportunities for students at a time when many school districts are cutting back their programs in athletics and the arts.

At the end of the day our students continue to achieve at high levels, develop their talents and interests, and demonstrate their commitment to make a positive contribution to their community. We are very proud of our many noteworthy accomplishments.

District-wide

- Honored to host the Commissioner of Education on two different occasions in the District.
- New additions to the AP/ECE courses at WHS. 13 AP Courses and 8 ECE courses are currently available to students at WHS to earn college credit.
- Art curriculum expanded at the High School and Middle School level to include more electives including Digital Art and 3D Printing. Through a grant in the elementary schools, the arts have been integrated into the curriculum and allowed students to work with resident artists throughout the year.
- Global experiences have been offered to students through an expanded World Language curriculum as well as a partnership with the SE CT Chinese School to launch enrichment programs.
- After School opportunities offered at all levels. 25 Varsity sports at WHS – Fencing added at WHS, Volleyball and swimming added at CLMS, enriching after school clubs available at all three elementary schools, unified sports program at WHS and CLMS.
- Continued promotion of Waterford Public Schools by marketing the District in various avenues, i.e. Enhanced website, Magnet/charter school parents' survey, WPS Brochure.
- Strengthened WHS and CLMS connection through Lancer Walk and Lancer Fair in which students are linked together through tutoring, mentoring, music programs and athletic programs.
- Investing in our staff has proven to be an investment in our students. Professional development customization for teachers as well as extension opportunities have been offered. This change provides better focus on the individual needs of the teacher to enhance teaching practices for students.
- Three year technology plan implemented to enhance district knowledge and provide resources to start students on the path to higher learning. Implemented Google Apps for Education K-5; Coding introduced at all levels; Google Expeditions and Virtual Field Trips available at the secondary level.

Special Services Department

Special Education services continue to be delivered primarily in inclusive settings across the district. At Waterford High School and Clark Lane Middle School, special education services are delivered in cooperatively taught classes, along with classes which focus on specific skill improvement that are typically offered in a self-contained setting. Our elementary school buildings support the continued integration of special education services with a focus on the provision of related services in the general education setting. The elementary special services staff also participates in professional development around the implementation of Reader's and Writer's workshop models. Services have been enhanced to support special education students as they transition from preschool to elementary school, elementary school to Clark Lane Middle School, and then to Waterford High School. Technology is utilized by all staff, when appropriate, to support special education students' needs, especially the use of iPads, Kindles and Chrome Books. Our special education staff has focused on reading and literacy development, with an emphasis on research-based programs such as Wilson Language, Read Naturally, Read Live, Reading Milestones, Lindamood-Bell and the EdMark Reading Program.

We offer self-contained support center programs at each school building for students who are experiencing significant difficulty in the more traditional education setting. The programs focus on providing individualized instruction while fostering social and emotional growth. The support centers offer individualized supports which are flexible in order to meet the student's needs—these might include a check-in, part-time or a fully self-

contained placement. We also offer a self-contained Autism program at the elementary level which provides very specialized services for students diagnosed with Autism. We have a district BCBA (Board Certified Behavior Analyst) who is able to travel among the schools to provide specialized support to students on the Autism spectrum as well as for any student struggling with behavior issues. Our district ADOS (Autistic Diagnostic Observation Schedule) team is working together to complete evaluations of students who are suspected of having Autism. We continue to provide a well-rounded program for our young children diagnosed with Autistic Spectrum Disorders particularly in the implementation of the SCERTS Model, which focuses on Social Communication, Emotional Regulation, and Transactional Support.

Our district mental health staff which includes school psychologists, school social workers, school counselors and our Board Certified Behavior Analyst continue to work together in order to provide direct counseling services to our students, recommendations to staff and families as well as home visits as needed. Some of the programs being implemented by our counseling staff to provide students with strategies to support positive mental health include offerings such as Mind Up, mentoring, and yoga. Special Education staff, Middle and High School staff as well as paraprofessionals all attended a professional development morning focused on supporting students dealing with trauma. Waterford is also holding a Parent Academy Night with a focus on supportive strategies for parents in helping students to manage the stress of school.

The Friendship School, an early childhood magnet school, operated by LEARN, in cooperation with New London Public Schools, offers educational programs for pre-kindergarten and kindergarten students. This building continues to provide an inclusive program for all of the district's preschoolers identified as in need of Special Education. The Friendship School offers related services as well as specialized special education services as appropriate to meet the student's needs. We continue to work together to provide a successful transition into the student's home school for either kindergarten or first grade.

Curriculum Department

This year, some additional classes were added at WHS to improve our instructional offerings to students. Digital Art II was added due to the success of the Digital Art I course that was added with last year's full curriculum revision. The World Language department added Introduction to French Culture, Classical Mythology, Spanish for Heritage Learners, and Spanish for Healthcare in order to meet needs of our students and appeal to those who may not traditionally take world language but are interested in these specialized topics.

The WHS Business and Finance curriculum was revised to meet the 21st century learning skills students need to be college and career ready. A Learning Through Service component was integrated into Principles of Management II along with the addition of a Sports Marketing unit. The Personal Finance Class has an added workshop component along with being offered as an online course. Technology has been integrated where appropriate, using programs such as Edmodo and Naviance.

The Family and Consumer Sciences curriculum for grades 6-12 was updated to include online resources for teachers and additional technology components such as utilization of iPads to create a cooking show in the ProStart 2 course. Early Childhood Education was split into two parts: one semester being instruction and one semester being an internship. A new course entitled Fashion Design was added in which students will explore the latest trends in fashion and the apparel industry, the impact of fashion design on the industry, and on career opportunities in this field.

The Technology Education grades 6-12 courses and objectives have been aligned to the State of Connecticut Technology Education Standards. The middle school curriculum was revised to include curriculum for grades 6 and 7. New topics such as Computer Animation, Magnetic Levitation Transportation and Broadcast Video have been incorporated. Computer Science and Mobile Computer Science are two new classes that have been added to the high school curriculum because of high student interest.

Teachers in Kindergarten through 6th grade worked on revising the social studies curriculum and will pilot units next school year. Elementary teachers worked at the end of the school year to revise the K-5 report cards that will go into effect with the 2016-17 school year.

In the spring, coaches in literacy, mathematics, and technology created a 'Waterford Coaching Model' which included the statement that, "Coaching is the 21st century model for

Professional Development on an ongoing daily basis. It is collegial and collaborative.” Coaches continue to co-plan and model effective strategies while aligning professional learning with current standards and analyzing data to drive instruction.

Business Department

Each year brings changes to Operations, both from a staffing and a production standpoint. In March 2016 a new Finance Director was brought onto our team.

During FY 16 we have worked towards finding the best business decisions for the Board of Education, decisions that are often derived through analytics. Areas where we’ve been able to alter trending performance would be best exemplified in closely reviewing utilities bills for the elementary buildings and identifying where trends supported specialist interventions; interventions which have materially lowered the utility bills at one of our elementary schools. There was also a change in how the Board of Education goes about procuring ink and toner for use in the copiers; we are now paying on a per page basis which includes warranty and repair coverage. In the past, these were two separate contracts; where the quality of the toner could vary dependent on the supplier. Now the Board of Education is using a single stream solution.

Looking forward, analytics will continue to drive the direction of Operations. Over the short term, the Board will be presented with renewable energy solutions for all the schools. The Board will also be evaluating a new five year busing contract.

Technology Department

During FY 16 a new technology plan was compiled to guide the district through 2018. This plan builds on the successes of previous years. The plan is designed to support student learning while using the best technology available. This involves strengthening beneficial systems including virtual computing, wireless systems, mobile devices, and bring your own device. In addition, the Town technology plan is being updated with new technology needs. This plan will focus on enhancing service and efficiencies between departments and town residents. Both plans involve IT committees, Town/School leaders, and boards for approval.

The IT Department continues to build on the successful deployment of technologies introduced in the previous WPS Tech plan. New technologies that were piloted are now in full use around the district. Students can work from the cloud using multiple types of mobile devices and tools to access learning resources. Technologies including virtual desktops, Google Apps, Chrome Books and cloud printing have been deployed to support the anytime/anywhere learning environment goal set in the technology plan.

In the school district, IT funded enhancements support the ever increasing use of the schools existing systems. The district wide Wi-Fi systems and virtual computing environments were expanded to the Oswegatchie School. Clark Lane received refreshed classroom technology in the 8th grade wing and additional Chromebook labs were deployed throughout the district to connect students to our cloud learning environment. The IT department secured \$80,000 through two

grants in FY16. One of the grants specifically funded the replacement of any remaining older technology which included unsupported software and operating systems. The remaining funding was used to enhance the network connecting the schools together.

For the Town of Waterford, the IT department upgraded the virtual server environment. This was a \$150,000 project that hosts 30 town servers on a single system. The upgrade will allow the town to use new software that couldn't run on the legacy system. The new software will enhance service and efficiency in the town. In addition, the IT department deployed three new application servers that will play a major role in how the town improves efficiencies. Munis, Trittech and Scada were deployed and leverage the new Virtual server environment for operations. The IT department was able to obtain some cost savings for the town in FY16 by utilizing a state grant to fund a \$6,000 router needed for securing the town network. In addition, we used donated computers and Wi-Fi Access points to enhance unfunded departments. These donations were from New London and Waterford schools.

FY16 was the busiest year for the department. Technology continues to advance. It has increased in complexity and volume. The department has addressed this by realigning itself to meet new requirements for the school and town. To accomplish these requirements, two positions were modified as they became vacant. The job descriptions now require personnel with skillsets that align with these changes and needs. The WPS tech plan and the soon to be completed Town plan will define the IT department's goals for the future.

Buildings & Grounds Department

This was a productive year for the maintenance and custodial staff. We have been able to work on a number of systems to upgrade and improve the efficiency of the WHS and CLMS energy management system with further fine tuning of the operations and programming. We have also continued our support of town programs such as Camp Dash at Great Neck school. The mild winter we had gave us the opportunity to complete many preventative maintenance tasks that would normally have to wait until summer.

We have continued to increase the amount of work we do for the town and have been busy with electrical, painting, carpentry, plumbing, and HVAC repairs. This work has been coordinated through the town's maintenance coordinator.

The support for the sports department continues to increase dramatically along with the extended use of the outdoor facilities and the turf field. We now have at least six separate sports on the field sometimes going past 10:00 PM.

The ongoing LED lighting upgrade program is continuing with the installation of flag pole, scoreboard, classroom, courtyard and various other areas both inside and outside of the various schools.

As always we continue to maintain the school facilities and provide for a safe and healthy environment for the Faculty, Staff, and students of Waterford public schools.

Closing Statement:

The Waterford Public Schools takes great pride in the accomplishments showcased in this report. As we continue on the path forward to provide an exceptional education for all of our students, we will pursue innovative programs that will challenge our students for years to come. We will strive to keep students at the center of our priorities and involve all stakeholders in the process. I am thankful for the deep sense of community that Waterford embraces including the dedication of our staff, the partnership with our parents and families, and the amazing determination that our students possess every day. I am grateful for the support that is given to our school district and I hope that this report has provided valuable information for you regarding our programs. Should you have any questions, any member of our team would be happy to assist you.

Sincerely,

READING THE BUDGET

Account Structure

The chart of accounts is structured as required by the state and federal governments for specific reporting purposes. Consequently, a 24-digit account number with its various reporting combinations becomes confusing at times. In an effort to simplify references to a specific account number, the chart of accounts has been restructured to include a “short account” number. The five digits of each account after the three digit Fund Account is the “short account” which specifically references that account. For example, #09020, refers to regular transportation and that account only, eliminating the need to refer to several numbers to reference one account. Each sub account category is differentiated as follows:

Budget Format

The budget format presents the information by object in summary and detail. The Executive Summary is the summarized version followed by a detailed budget totaled by object. The format has been revised as requested by the Board of Finance to align information in one format.

Consider the following factors when you are comparing budgets from year to year.

- Budget amounts do not reflect budget transfers during the year required to meet needs at that time.
- Some purchases are intermittent, i.e., repairs, program supplies and semester courses.

Pride in Our Programs...

A collage of six photographs showcasing student programs. The top row includes two girls holding a trophy, a girl presenting a drawing, and soccer players on a field. The bottom row features a violin ensemble and a student in a costume.

Pride in Our Schools...

A collage of five photographs of school buildings. The top row shows a school with an American flag, a school at night, and a school entrance. The bottom row features a school with a sign that reads 'CLEAR LAKE MIDDLE SCHOOL' and another school building.

Pride in Our Staff...

A collage of five photographs of staff members. The top row shows a group of staff, two staff members, and staff at a table. The bottom row features staff in a performance and staff at a 'TED Youth Day' event.

THANK YOU!

A collage of five photographs showing students and staff. The photos include students in blue shirts, a student in a yellow shirt, a student at a computer, a staff member, and soccer players.

Thank you for believing in our staff, students and families of Waterford. Your continued support will help us to provide exceptional programs for our students, preparing them for success in post-secondary experiences.
